RE: Matt Stager Memorial Scholarship

Dear WASDA,

Thank you for accepting me for the Matt Stager Memorial Scholarship.

I am currently a senior at Loris High School in Loris, South Carolina. I am a member of the National Honor Society, the National Technical Honor Society, and an AP Scholar. I have been an active member of the Future Farmers of America where I served as President of our school's chapter this past year. I have also held the positions of Sentinel and Treasurer. I have also played golf for Loris High as well as served as student manager on the baseball team for the 2013-2014 baseball season.

My plan is to attend Coastal Carolina University where I will be majoring in Chemistry while also completing the dual degree program with Clemson University to earn a Chemical Engineering degree. My plans for the future are truly endless and I'm looking forward to obtaining my degree.

Thank you again,

Hunter Gary Bell
